 pick up at vinylium     ship to my adress

1. fill out all necessary information. dont forget the phonenumber
2. send or fax the signed order form
3. when we receive your order we send you a bill for the cutter
4. pay at least 50 percent of the amount to our account
5. as soon as we received the money, we start producing your cutter and you get a pick up date. normally 60-90 days later.
6. when the cutter is ready please pay the rest of the money.
7. when we received the full amount you can pick up the cutter if you dont want to pick up we send to you

your order becomes regular when you pay the first half.

i read and understood all on the order form and with my signature i want to order a vinylium dubplate cutter.

date:.....                      signature: .....

you have the right of a free traning session when picking up. cutting records is not as easy as burning cd's and you need a certain understandement of the process. also be aware that the dubplatecutter is a high precision, hand crafted machine, which needs carefull usage. if we ship the cutter we can not guarantee for a successful use of the cutter although we give great effort to have everything described in the manual.

send or fax the order form
